

HEALTH TECHNOLOGY CLINICAL COMMITTEE (HTCC) ASSESSMENTS AVAILABE FOR ELECTRONIC AUTHORIZATION AND ROUTING TO THE CITE AUTO AUTHORIZATION TOOL

For UMP members, the electronic authorization tool will automatically route you to the Cite Auto Authorization tool for select CPT codes and allow documentation of specific clinical criteria for your patient. If all criteria are met, you will be able to see the approval on the Auth/Referral Dashboard soon after you click submit.

The HTCC Assessments listed below are available when routed to the Cite Auto Authorization tool:

HTCC Assessment Title Link to Washington State Health Care Authority Health Technology Reviews Website: https://www.hca.wa.gov/about-hca/health-technology-assessment/health-technology-reviews	HTCC Number	Codes
Artificial disc replacement	20170120B	22856, 22858, 22861, 0095T, 0098T
Vagal Nerve Stimulation for Epilepsy and Depression	20200515B	61885, 61886, 64553, 64568, 0466T, L8679, L8680, L8682, L8683, L8685, L8686, L8687, L8688
Upper Endoscopy for Gastroesophageal Reflux Disease (GERD) and Gastrointestinal (GI) Symptoms	20120518A	43200, 43202, 43235, 43237, 43238, 43239, 43242, 43259
Catheter Ablation Procedures for Supraventricular Tachyarrhythmias (SVTA) Including Atrial Flutter, Atrial Fibrillation	20130517B	93653, 93655, 93656, 93657
Cardiac Stents	20160115B	92928, 92933, 92937, 92941, 92943
Genomic Microarray Testing	20180119A	81228, 81229, S3870, 0209U, 0156U
Pharmacogenomic testing for selected conditions (including Cytochrome p450 and VKORC1 Genotyping for Treatment Selection and Dosing)	20170120A	81225, 0070U, 0071U, 0072U, 0073U, 0074U, 0075U, 0076U, 0034U, 0169U, 81335
Pharmacogenomic testing for selected conditions and Laboratory and Genetic Testing for use of Thiopurines	20170120A	81335, 0034U, 0070U, 0071U, 0072U, 0073U, 0074U, 0075U, 0076U, 0169U, 81225
